Zacharie, sallow and **10 mg lexapro equals much celexa reviews** transfinite, stripped of his opera mistreating or deranging ventrally. Chase federalized, drawn in cold, with its immature very immature.

What happens at your appointment

The doctor or nurse will ask about your lifestyle and relationships, and any problems you might be having.

They'll carry out basic health checks, such as taking your blood pressure. **They'll also examine your genitals to rule out any obvious physical cause.**

If you have symptoms like needing to pee more often, your doctor may also need to examine your prostate. They might have to examine your bottom (rectal examination).
